

MAURITIUS

Mauritius is a tropical Indian Ocean island off the east coast of Madagascar. Its clear opal-hued ocean, soft white sandy beaches, and lush green hills have awarded Mauritius the nickname of 'Garden of Eden.' It is multi-cultural, having been a port-of-call for sailors worldwide; the first to colonize were the Dutch, whose influence is still seen in the architecture and cuisine of the island. The South / Southeast of the island offers the wildest and most beautiful landscapes: sandy beaches bordered by cliffs carved by waves, rocky shores, sugar cane fields as far as the eye can see, and mountainous terrains offering magnificent panoramas. The Northern part of the island host the bustling capital with markets and gardens.

Mauritius is for honeymooners or those that want to be, and lovers of water activities including diving, snorkeling, sea kayaking, swimming and more. There is also a mountainous interior with rainforests and waterfalls for wonderful hiking, and golf is available. This is a place to get away from it all for a few days – or weeks.

Mauritius can be a destination itself, or a relaxing add-on stop to an African or Indian journey. Lakani World Tours can create a travel itinerary best suited for you – depending on your time, interests, and budget. Some of the recommended island highlights include:
