

ROMANIA

A true gem in Southeastern Europe, Romania offers visitors a variety of attractions - splendid scenery, mythical historic castles and churches, traditional farmland villages and Black Sea resorts. Much of Romania terrain is mountainous, with the Carpathian Mountains and Transylvanian Alps occupying the central and northern regions with glacial and karstic lakes, rivers and lagoons, as well as medieval cities, including the home to the dark tales of Vlad the Impaler – Dracula. The mysticism and sheer beauty of the region has a satisfying appeal to anyone interested in nature, history, and Old World culture.

Romania can be a destination itself, or it is often combined with other Eastern European countries. Lakani World Tours can create a travel itinerary best suited for you – depending on your time, interests, and budget. Here are the main sites we recommend:
