

ZAMBIA

Victoria Falls – Custom Made Journeys

Zambia is a landlocked country situated on a high plateau in southern Africa. Taking its name from the Zambezi River, it is a land of rugged terrain and diverse wildlife, as well as many parks and safari areas. But Zambia's most popular and well-known asset is spectacular Victoria Falls - one of the Seven Natural Wonders of the World. The largest waterfall in the world, it is indigenously called Mosi-oa-Tunya, or "Smoke That Thunders" – plunging over a mile-wide 320-foot-high cliff at speeds more than 100 miles per hour. It is truly a must-see.

Zambia is also home to a myriad of other waterfalls and National Parks hosting Africa's plains wildlife. The most famous are South Luangwa National Park, located in eastern Zambia at the tail end of Africa's Great Rift Valley, and Mosi-oa-Tunya National Park, a UNESCO World Heritage site where you can take a nature walk to see elephant, giraffe, zebra and more. Lakani World Tours can assist you in arranging the perfect Zambia experience.

Zambia is surrounded by other top Southern Africa destinations, making it an easy 2 to 4-day add-on to longer trips to Botswana, Namibia, East Africa, and South Africa. (It's just an hour's flight from Johannesburg.)
